Grant Jackson, USDA-NRCS (2004)

Every little bit of money is useful and this was very meaningful since it was given by a Foundation that directly related to my career.

Alexa Davis, NDNR (2017, 2018)

I received scholarships from the SWCS and I attended the 7th International SWCS Conference. I was able to network, create lasting friendships, and gain leadership skills that I utilize every day in my career.
